

## TO BUILD A CANAL

The Nicaraguan Convention Opens at New Orleans.

### DELEGATES FROM EVERY STATE

Plans Will Be Considered to Complete the Later Ocean Waterway—Benefits to the United States.

NEW ORLEANS, Nov. 30.—The convention in the interest of the Nicaragua canal was opened here today in Odd Fellows' hall by President Odendahl, of the board of trade. The hall was handsomely decorated with flowers and bunting. Distinguished representatives of every state in the union were present. At 11 o'clock the governor of the state, Murphy J. Foster, acting mayor, Irwin Jamison, City Attorney O'Sullivan, the Rev. B. M. Palmer, and George Converse, president of the convention were led up the aisle to the platform by Captain Beaumont of the Louisiana Field Artillery.

President Odendahl in opening the convention warmly welcomed the delegates from abroad. He stated that the canal was a work of national importance. Weak minds might doubt its practicability, but he was of the opinion that no work was so great for accomplishment by the genius of America. He closed by introducing the Hon. George Converse as the president of the convention. Mr. Converse called upon the Rev. Dr. Palmer to invoke the blessing of the Almighty on the deliberations of the convention. During the prayer of the eminent divine the delegates sat with bowed heads. The Hon. A. E. O'Sullivan, city attorney, delivered, on behalf of the city of New Orleans, an address of welcome.

Governor Foster's Address.

Governor Murphy Foster was given a rousing ovation. He delivered an eloquent speech on the practicability and utility of the enterprise, and closed by paying a beautiful tribute to the people of the south, who, in union with the citizens of every state, breathe beneath the flag of freedom. President Odendahl, in replying to the address of welcome, spoke of the canal as a masterpiece of human ingenuity, and he had met here, the lovely flowers in bloom, sending their fragrance heavenward as a welcome to the delegates. He described the rich benefits which the country would derive when the canal would be completed, and closed his remarks by stating that the United States should build the canal and have it.

H. Smith of the board of trade was elected secretary of the convention. A committee composed of one representative from each state was appointed on credentials. A recess was then taken until 7 o'clock. When the convention resumed the committee on credentials filed a report. According to the chairman there were no contests and the official number of delegates present was 520. The remainder of the session was devoted to speech making. Senator Eaton, who heads the California delegation delivered an eloquent address. He gave a detailed review of what has already been done and made a strong appeal to the delegates to spare no efforts to push the work. At 10 o'clock the convention adjourned until tomorrow morning.

### DR. SCOTT'S FUNERAL

Services Will Be Held in the White House Today.

WASHINGTON, Nov. 30.—The body of the Rev. Dr. Scott still rests in his room at the White house. It will be placed in the casket tomorrow morning and brought down into the east room where the funeral ceremony will be held at 3 o'clock. The Rev. Tamm Hamilton will officiate.

The following gentlemen will act as pall bearers: Secretary John W. Foster, Attorney General Miller, Secretary Noble, Postmaster General Wanamaker, ex-Judge Scott, Judge Wiley, the Hon. Samuel Shillaberger and Dr. W. H. B. Warren, who was associated with Dr. Scott in the pension bureau.

The body will be borne by ushers of the White house. The funeral procession will leave the White house at 6:15 tomorrow evening and take a train on the Pennsylvania railroad at 7 p. m., arriving at Washington, Pa. at 8:30 p. m. Friday morning. The body will then be taken to the residence of Mr. Joshua Wright, an old friend of the deceased, where it will be for an hour in order to give Dr. Scott's old friends an opportunity to take a last look at their venerable friend. The cortege will then proceed to the place where a simple burial service will be read. Immediately after the burial the family will start on their return to this city where they will arrive at about midnight. The party will comprise only the members of the family and relatives in this city.

### WANT MORE MONEY.

Railroad Telegraphers in a Fair Way to Strike.

CHICAGO, Nov. 30.—Unless the Chicago, Rock Island & Pacific and the Chicago, Burlington & Quincy railroads grant the demands of the telegraphers there will be a general strike on both roads. The indications are that neither road will comply. Tomorrow a committee representing the Rock Island telegraphers will call on the officials of that road and submit demands which, among other things, call for recognition of the order of railroad telegraphers and a maximum wage scale of \$55 per month. The committee was in town all day, but made no move, and it is supposed they are awaiting the arrival of Mr. Ramsey, who left New York yesterday.

### AGAINST DR. BRIGGS.

New York Assembly Gives Him a Black Eye.

NEW YORK, Nov. 30.—The assembly took up the objections made by Dr. Briggs at its session this morning and voted them down in order. The objections stirred up considerable discussion, but finally Elder C. H. Woodbury of Dr. Parkhurst's church made a motion that that part of the eighth charge in the amended charges as objected to by Dr. Briggs in his fifth objection be stricken out. It was eventually lost by a standing vote of 40 to 69. A roll call was asked for. The roll call was taken, resulting again in a defeat for Dr. Briggs, and sustaining the committee by a vote of 68 to 20.

## HE GOT THE CASH

Nice Condition of Affairs in Old Madrid.

### DANVILLE SUCCEEDS SILVELA

The Scandal Over the Stealing of the Columbus Celebration Funds Ruins Spain's Cabinet.

MADRID, Nov. 30.—A cabinet council held today brought to light irreconcilable divisions among the ministers. The subject of contention is the prosecution of the municipal authorities for corruption in the management of funds for the Columbus fete. The misappropriation of funds has been virtually proved. The governor of the city, who is deeply involved, is known to have conducted every part of the arguments which he touched solely to fill his own pockets. Large sums which were to be expended on the fete are said to have been squandered upon editors and correspondents in order that they might be induced to hold their peace as to his dishonesty. There is a strong popular demand for investigation and prosecution. The change is but an expedient to the other ministers fear the consequence for the cabinet and the popular tumult which the revelations would probably provoke. A crisis is regarded as imminent.

### Nearly a Vendetta.

CLEVELAND, Nov. 30.—The 3,500 Italians of this city are greatly excited over the shooting of Antonio Carizzo by Patrolman John Carizzo, a hard character, and Officers Hill and Dempsey undertook his arrest. He drew a knife on them and was shot down. Italians denounced the murder, as they called it, in bitter terms and have organized a fund which they expect will reach \$2,000 to prosecute the two patrolmen. There is talk of a vendetta in the movement, though many of the most respectable Italians in the city are encouraging it, declaring that their countrymen do not get justice from the police.

### Gives Cann the Lie.

SAN FRANCISCO, Nov. 30.—In the Curtis trial today, Edward Toomey was the first witness called. His testimony varied but little and only on immaterial points from that given him at Curtis' preliminary examination in the police court. Toomey came to the rescue of the defense in so much that he testified that the night of the shooting he was close enough to Curtis and Grant to see them plainly and that he was in such a position that he could have seen anybody in the immediate neighborhood, but he failed to see Cann. The latter is the only witness brought forward by the prosecution.

### Served Summons on Grover.

EXMORE, Nov. 30.—The chief incident of the day on Broadwater Island was the arrival of Sheriff Samuel Jarvis of Northern county, with a summons which he sought to serve upon President-elect Cleveland. He came over from the main land at 2 o'clock, but was forced to wait until the gunning party returned from their day's sport before presenting the document. The sheriff was met by a reporter, but he was unable to furnish any information except that the summons was to appear before the chancery court at Richmond, Va. He did not know what case was involved.

### Election Bets Are Legal.

INDIANAPOLIS, Nov. 30.—An election is not a game of chance, and a man who loses an election bet must pay, according to a decision by Justice Walpole of this city. Before the recent election Lou Miller of Indianapolis placed \$300 on Harrison at a saloon, and when the election came, Miller made a demand for the money, claiming that it was his, and that his husband had no right to bet. She could not secure the money, and a lawsuit was begun. The judge decided in favor of the holder of the stakes, who will now pay the money to the winner of the bet.

### Lizzie Borden Insane.

NEW BEDFORD, Mass., Nov. 30.—Attorney General Pillsbury believes that Lizzie A. Borden is insane. This is the secret of the adjournment of the grand jury in the case from November 21 to November 28. The story of her actions at the time of the murder, as told by the witnesses, no doubt had great weight in influencing the attorney general. The investigation has been carried on since the jury adjourned, and when the jurors meet again in the court they will be confronted with experts who will testify as to Lizzie Borden's sanity.

### She Loves Grover.

CLEVELAND, Nov. 30.—Josephine M. Fields, daughter of a colored temperance worker of Ohio, says she is in love with Grover Cleveland, and spends much of her time writing letters to him. Yesterday an inquest of insanity was held. Among the testimony was a letter she had written to Mr. Cleveland announcing her intention of taking a bridal trip to Washington as soon as she received \$10 from him.

### Down an Embankment.

ARKANSAS CITY, Ark., Nov. 30.—The north bound Missouri Pacific passenger train, leaving here at 12:40 p. m. today, jumped the track about one and a half miles from this city. The baggage car went over the side of the embankment, and the train was forced to stop. The passengers were not injured, but the train was delayed for several hours.

### Columbian Coins Tested.

WASHINGTON, Nov. 30.—Two of the souvenir Columbian coins were received at the treasury department today. They came from the Philadelphia mint to the director of the mint to be weighed and tested according to law. They stood the test satisfactorily and were then returned to the Philadelphia mint, where they will be destroyed.

### Increased Their Wages.

AMHERST, Mass., Nov. 30.—The Hamilton Woollen company, controlling sixteen mills, has increased the wages of all employees except spinners, 7 per cent. The spinners were given an increase of 10 per cent. recently.

### Embezzler Arrested.

CHICAGO, Nov. 30.—Shira, wanted in Detroit for alleged embezzlement from the Metropolitan Life Insurance company, was arrested in this city today and will be taken to Detroit tomorrow.

## HE GOT THE CASH

Nice Condition of Affairs in Old Madrid.

### DANVILLE SUCCEEDS SILVELA

The Scandal Over the Stealing of the Columbus Celebration Funds Ruins Spain's Cabinet.

MADRID, Nov. 30.—A cabinet council held today brought to light irreconcilable divisions among the ministers. The subject of contention is the prosecution of the municipal authorities for corruption in the management of funds for the Columbus fete. The misappropriation of funds has been virtually proved. The governor of the city, who is deeply involved, is known to have conducted every part of the arguments which he touched solely to fill his own pockets. Large sums which were to be expended on the fete are said to have been squandered upon editors and correspondents in order that they might be induced to hold their peace as to his dishonesty. There is a strong popular demand for investigation and prosecution. The change is but an expedient to the other ministers fear the consequence for the cabinet and the popular tumult which the revelations would probably provoke. A crisis is regarded as imminent.

### Danville to Succeed Silvela.

Senor Danville has succeeded Senor Silvela in the ministry of the interior. The change is but an expedient to patching up temporarily the difficulties of the cabinet which is generally believed to be on the verge of dissolution. Silvela's retirement undoubtedly is due to his attitude toward the scandalous corruption of his immediate subordinate, Senor Bosch, an Alcalde of Madrid. Bosch is a favorite of the powerful minister of colonies, Romeo Robledo, and therefore when he was known to be guilty of misappropriation of funds for the Columbus fete, Silvela feared to proceed against him.

Bosch asked originally for 1,500,000 francs with which to celebrate in Madrid the Columbus anniversary. This estimate was regarded as exorbitant and the press began to make a hullabaloo about municipal extravagance. In order to still protest the mayor informed the editors and reporters that if they would hold their tongues and let Bosch have his money, he would spend a portion of the 1,500,000 francs in giving them special dinners, excursions and theatre parties. The bribes were not accepted and consequently Bosch was compelled to reduce his estimate to 500,000 francs. Much even of this sum is said to have gone into his pockets and those of other municipal authorities.

### Sanctioned by the Pope.

ROME, Nov. 30.—A special dispensation of the pope for the marriage of Prince Marie of Edinburgh and Prince Ferdinand of Roumania is said to have been granted and forwarded. The condition attached to it was that all male children by the marriage should be reared in the Roman Catholic faith. The crown prince, several journals have said, has agreed to the holy father by sending 2,000,000 francs to the vatican.

### Derby Seriously Ill.

LONDON, Nov. 30.—The Earl of Derby is seriously ill at Knowsley Hall, his London country seat. It is rumored that his brother, Baron Stanley, the Canadian governor general, has been called for.

### Fortune to a Hospital.

NEW YORK, Nov. 30.—Mrs. A. A. Anderson, wife of the celebrated portrait painter, has given \$350,000 to the Roosevelt hospital for the purpose of erecting a medical pavilion in memory of her father and mother, the late Mr. and Mrs. Jeremiah Milbank. The pavilion is expected to be the finest in the United States and the students of Columbia college are to have full benefit of its advantages.

### Settled Without a Strike.

CHICAGO, Nov. 30.—The trouble between the South Side Elevated road and its employees will be settled without a strike. Chief P. M. Arthur and Superintendent Barnard this afternoon agreed to leave the matter to a disinterested board by whose decision both sides will be bound.

### November's Petty Crimes.

The clerk of police court has made out a report of the month's business. It shows 56 city cases disposed of, \$122 collected in fines, \$76.06 collected in costs. Of the 56 cases 61 were for drunkenness, one was sent to the reform school, and 27 were dismissed and two acquitted. There were 50 state cases, with \$30 in fines and \$20.44 costs collected. Of the fifty the offenses were as follows: Assault and battery, 10; violation of liquor law, 14; non-support, 1; larceny, 1; burglary, 2; forgery, 4; false pretenses, 1; larceny, 2; ill-treatment of animals, 2.

A few years ago grass grew luxuriantly on the streets of Marshall and the undertaker did all the business. Now, the atmosphere is darkened with the smoke of furnaces, the Rip Van Winkle has roused up and the old town is commencing to trot at a good gait. Pig-weeds have been mown in the front yards and the old dogs "to rent" has been used for kindling. There is not an empty house in the city, now.—Detroit News.

### Mr. William Downie, of the Fourth

ward of Bay City, is suffering from injuries received from throwing a handful of chips into the stove. As soon as the chips struck the fire an explosion occurred. Mr. Downie being struck in the face by flames and chips. The supposition is that a cartridge was thrown into the fire with the chips.

### Thetford's Little Sensation about a

woman having been forcibly kept in a room for fifteen years has been exploded. The woman has been in the room a great part of that time, but she is an invalid and is treated well. A Fenville man is said to have taken a ditching contract at so low a price that, though his wife helps him, they together cannot earn more than 80 cents a day.

### During the season of 1892 the

Diamond Match company, at its new Ontonagon mills, cut 75,575,577 feet of lumber, 28,291,569 shingles and 14,191,000 laths.

## DEAD ON THE PILOT

Horrible Sight That Greeted an Engineer.

### THREE MANGLED CORPSES

And the Fourth Found a Mile Away From the Depot—The Fifth Victim Dying.

ELMHURST, N. Y., Nov. 30.—One of the most horrible accidents that ever occurred in this city took place shortly after 11 o'clock tonight. William Conklin and wife, Mr. and Mrs. Edward Blanchard and Margaret Peet of South Corners, several miles south of the city came to town today. At about 11 o'clock tonight they prepared to return home. The five got into a wagon drawn by one horse. While crossing Pennsylvania avenue the troubled train, west-bound, crashed into the rig, instantly killing four of the occupants and probably fatally injuring the fifth. The bodies of the dead and the victim of the accident were found at the depot, over a mile away. Upon examining his engine, as usual, he discovered a ghastly sight. Edward Blanchard and his wife and Margaret Peet were piled in a heap on the pilot of the engine. He was dumbfounded. The bodies of the dead and the victim of the accident were found at the depot, over a mile away. Upon examining his engine, as usual, he discovered a ghastly sight. Edward Blanchard and his wife and Margaret Peet were piled in a heap on the pilot of the engine. He was dumbfounded. The bodies of the dead and the victim of the accident were found at the depot, over a mile away. Upon examining his engine, as usual, he discovered a ghastly sight. Edward Blanchard and his wife and Margaret Peet were piled in a heap on the pilot of the engine. He was dumbfounded. The bodies of the dead and the victim of the accident were found at the depot, over a mile away. Upon examining his engine, as usual, he discovered a ghastly sight. Edward Blanchard and his wife and Margaret Peet were piled in a heap on the pilot of the engine. He was dumbfounded. The bodies of the dead and the victim of the accident were found at the depot, over a mile away. Upon examining his engine, as usual, he discovered a ghastly sight. Edward Blanchard and his wife and Margaret Peet were piled in a heap on the pilot of the engine. He was dumbfounded.
